

Hireon: Commercial SaaS Platform Proposal

Executive Summary

This document outlines the detailed commercial pricing and infrastructure architecture for the **Hireon AI-Powered Recruitment Platform**. Designed to handle up to **5,000 candidates per month**, this production-grade architecture ensures zero downtime, permanent data safety, and includes 1 Admin Portal and 1 Recruiter Portal.

Infrastructure & Services Breakdown

- **Enterprise Database & Secure Storage** (Permanent safety & daily backups): **Rs 3,500**
- **Dedicated Cloud Server & Load Balancing** (Smooth 24/7 performance): **Rs 2,500**
- **AI Processing Engine** (LLMs & Audio Parsing APIs): **Rs 2,500**
- **Email Delivery & Automated Notifications** (Premium email servers): **Rs 1,000**
- **Security Firewall, Custom Domain & SSL** (DDoS protection): **Rs 500**

Software Licensing & Technical Maintenance

This fee covers the commercial license to use the Hireon proprietary software (Admin + Recruiter portals), continuous server monitoring, bug fixes, and 24/7 technical support. It eliminates the need for an in-house developer.

- **Monthly Maintenance Fee: Rs 2,000**

Final Billing Summary

Category	Monthly Cost (INR)
Total Infrastructure & APIs	Rs 10,000
Software Licensing & Technical Maintenance	Rs 2,000
TOTAL MONTHLY RETAINER	Rs 12,000 / month
