

Hireon: Cost Comparison - Cheapest vs Premium

Executive Summary

This document merges the cost-optimized (cheapest-stack) proposal and the premium (uploaded) proposal to show side-by-side totals and key differences for 5,000 candidates/month.

Cheapest-stack Monthly Costs (INR)

Category	Provider / Plan	Monthly Cost (INR)
Compute (App + DB)	DigitalOcean Droplet Basic (1GB)	Rs 498
Redis (cache)	Upstash Starter / serverless (minimal)	Rs 415
Object Storage	Backblaze B2 (pay-as-you-go)	Rs 25
Email (transactional)	Amazon SES (~10k emails)	Rs 83
Embeddings (API)	Low-cost provider (pay-as-you-go)	Rs 249
Speech (raw audio)	No transcription; raw audio optionally stored and auto-deleted	Rs 0
Resume Parses	100 parses / month	Rs 915
Monitoring / CDN / Security	Cloudflare Free + Sentry/Grafana free tiers	Rs 0
Estimated Monthly Total		Rs 2185

Premium-stack Monthly Costs (INR)

Category	Provider / Plan	Monthly Cost (INR)
Cloud Hosting & Infrastructure	Render Web Service (Starter) + Static Site	Rs 700
Enterprise Database (Supabase Pro)	Supabase Pro Tier	Rs 2,100
AI Services & LLM APIs (Gemini & Groq)	Pay-as-you-go	Rs 1,260
Storage for Resumes	Supabase Storage (included)	Rs 0
Email Notifications	Resend / SendGrid Pro (~50k emails)	Rs 1,680
Security, DNS & Misc	Cloudflare CDN, SSL, DNS	Rs 1,260
Infrastructure Subtotal		Rs 7,000
Platform Licensing & Support	Hireon Platform License & Ops	Rs 5,000
TOTAL MONTHLY RETAINER		Rs 12000

Comparison

Scenario	Monthly Total (INR)	Per-candidate (INR)
Cheapest-stack	Rs 2185	Rs 0.44
Premium-stack	Rs 12000	Rs 2.40
Savings (Premium - Cheapest)	Rs 9815	81.79% lower monthly

Conclusion & Recommendation

The cheapest-stack reduces monthly operating cost from Rs 12000 to Rs 2185, saving Rs 9815 (~81.79%). For initial launch and cost-sensitive pilots, adopt the cheapest-stack. For enterprise SLAs, upgrade to the premium-stack when warranted.
